Name of the Activity : Calm Minds: A Day of Meditation and Mindfulness

Date of Activity : 15 March 2024

Type of Activity : Collaborative Activity between Keshav College & H H Shri Mataji Nirmala Devi Trust

## 1. Introduction

The "Calm Minds" event was a serene and immersive day dedicated to meditation and mindfulness practices. Organized by the Wellness for Life Foundation, the event aimed to introduce participants to various meditation techniques and raise awareness about the benefits of mindfulness in reducing stress, improving mental clarity, and promoting overall well-being.

## 2. Event Objectives

The key objectives of the event were:

- To provide participants with practical tools and techniques for incorporating meditation and mindfulness into their daily lives.
- To highlight the mental, emotional, and physical health benefits of regular meditation.
- To create a peaceful environment where individuals could unwind, relax, and connect with their inner selves.
- To introduce participants to different meditation styles and encourage them to find a practice that suits their lifestyle.

## 3. Event Activities

The event featured a variety of meditation practices, workshops, and talks designed to cater to both beginners and experienced meditators. Some of the key activities included:

### Guided Meditation Sessions

Several guided meditation sessions were held throughout the day, each focusing on a different aspect of mindfulness:

Name of Event : Introduction to Research Methodology  
Date of Event : 16/01/2024  
Venue : Seminar Hall, Ground Floor  
Type of Activity : Collaborative activity between Keshav College & Kamla Teacher Training

To introduce students and faculty members to the fundamentals of research methodology, enabling them to design and conduct effective research studies. A research methodology describes the techniques and procedures used to identify and analyse information regarding a specific research topic. It is a process by which researchers design their study so that they can achieve their objectives using the selected research instruments. It includes all the important aspects of research, including research design, data collection methods, data analysis methods, and the overall framework within which the research is conducted. While these points can help you understand what is research methodology, you also need to know why it is important to pick the right methodology.

Why is research methodology important?

Helps other researchers who may want to replicate your research; the explanations will be of benefit to them and provides a framework and guidelines for researchers to clearly define research questions, hypotheses, and objectives. It helps researchers identify the most appropriate research design, sampling technique, and data collection and analysis methods.

# KESHAV MAHAVIDYALAYA

Name of Event : Research writing essential: Strategic of effective scholarly communication and the influence of writing tools

Date of Event : 15 January, 2024

Venue : Seminar Hall, Ground Floor

Activity type : In collaboration of Jai Minesh Adivasi University

The conducted workshop provides a valuable opportunity for researchers and academic writers to improve their writing skills and learn how to use LaTeX for their research papers. The workshop was interactive and hands-on. Participants provided with exercises and assignments to reinforce their learning. They have the opportunity to ask questions and receive feedback on their work. Writing and publishing good research papers is essential for many reasons: not only advancing researchers' academic careers but above all for disseminating research findings and advancing the state of empirical knowledge. In addition, publications are a measure of the academic productivity needed for promotion.

## Extension & Outreach Activity in collaboration of Gram Panchayat, Chardan

Name of the Activity	World Tuberculosis Day
Date of Activity	04-12-2023

### Brief Report About Activity

The World Tuberculosis Day outreach program was a highly successful initiative, helping to educate the community about T.B., its symptoms, and the importance of early diagnosis and treatment. The event encouraged greater public involvement in the fight against T.B. and contributed to reducing the stigma associated with the disease. With continued efforts and sustained awareness, the goal of a "T.B.-Free World" can be achieved.

### Follow-Up Plan

- ✦ Regular T.B. screening camps in high-risk areas.
- ✦ Continued public awareness campaigns to educate people on the importance of completing the full course of T.B. treatment.
- ✦ Collaboration with local authorities to strengthen community-level health services for early detection and treatment.
- ✦ Establishment of support groups for T.B. patients to ensure treatment adherence and provide emotional support

## Extension & Outreach Activity in collaboration of Govt Girls College

Name of the Activity	Awareness Program & Sanitary Pad Distribution for Girls
Date of Activity	17-05-2024
Activity Type	MoU Activity for Awareness

### Brief Report About Activity

#### Key Activities

The event began with a session led by a health professional who provided detailed information on menstruation, how to manage menstrual health, and the importance of using clean and safe menstrual products.

Free sanitary pads were distributed to all the girls who attended the event. Each participant received a supply sufficient for a few months, along with information on where they could access affordable or free sanitary products in the future.

Efforts were made to ensure that girls from economically weaker sections had continuous access to sanitary products, reducing the likelihood of school absenteeism due to menstruation.

A demonstration was held on the correct use and disposal of sanitary pads, along with tips on maintaining hygiene during menstruation.

**Name of Event** : **Industrial Visit at Shriram Plastic Industry**  
**Date of Event** : **10 December 2022**  
**Type of Activity** : **MoU Activity between Keshav College and Shriram Plastic Industry**

## Introduction

The students of the Mechanical Engineering Department at City College of Engineering participated in an industrial visit to **Shriram Plastic Industry**, a leading manufacturer of plastic products. The visit aimed to provide students with real-world exposure to the plastic manufacturing process, the various technologies involved, and the operational workflow of the industry. The event allowed students to connect their theoretical knowledge with practical applications, improving their understanding of modern manufacturing techniques.

## Objectives of the Visit

The main objectives of the industrial visit were:

- To give students firsthand experience of plastic manufacturing processes.
- To understand the role of advanced technology in modern production systems.
- To familiarize students with the use of machinery and equipment in plastic product manufacturing.
- To explore the industry's commitment to quality control and sustainability.

## About Shriram Plastic Industry

**Shriram Plastic Industry** is a well-established company in the plastic manufacturing sector, known for its high-quality plastic products, such as household items, packaging materials, industrial components, and custom-designed plastic solutions. The company is also recognized for its eco-friendly practices, using recycled plastic materials and energy-efficient processes to minimize environmental impact.

## Overview of the Visit

The industrial visit was structured into different stages, each providing insights into specific aspects of the plastic manufacturing process. The students were divided into small groups to ensure personalized interaction with the industry professionals.

# KESHAV MAHAVIDYALAYA

**Name of Event** : **Industrial Visit at Ashoka Takaniki avm Vyavsayik Prashikshan Sansthan for organic farming**

**Date of Event** : **11 July 2022**

**Type of Activity** : **MoU Activity**

The visit aimed to expose students to sustainable agriculture methods, organic farming techniques, and eco-friendly crop management strategies. This educational trip was designed to help students connect their theoretical knowledge of organic farming with practical insights into the real-world practices and challenges involved in organic agriculture.

## Objectives of the Visit

The primary objectives of the industrial visit were:

- To provide students with hands-on experience of organic farming techniques.
- To introduce students to the concept of sustainable farming and its impact on the environment and society.
- To understand the processes involved in organic crop cultivation, soil management, and pest control without chemical inputs.
- To explore the role of technological innovations in organic farming and sustainable agriculture.

## Overview of the Visit

The visit was divided into several sessions, each focusing on a particular aspect of organic farming. Students were accompanied by faculty members, while on-site trainers provided in-depth explanations of the farming techniques employed at the institute.
